PARTICIPANT PERSPECTIVES

“... People can solve problems [at a NAMI Connection Recovery Support Group]. It isn't just a bunch of sad stories; people are coming up with solutions and stuff to do for the next week. One of our group attendees is taking her meds and getting herself to her counselor and is just about able to go back to her career in great part due to Connection.”

“NAMI Connection has enabled me to take a good look at my illness and see that I am not alone. The program has given me additional tools to not only accept my illness, but to help others along the way.”
