December 17, 2020

We at Serenity Behavioral Health Systems would like to personally thank the Augusta NAMI Chapter and the donors who have participated in the development and distribution of the kid toy bags that are being handed out in our child and adolescent program. Thank you so much for your time, donations, and heart this holiday season. We are truly blessed to have community organizations such as NAMI available and ready to donate a little happiness and cheer this holiday season.

A handwritten signature in blue ink that reads "Stephen R. Martell".
